Post Test: Muscles and Bones

Put a check in the box if the type of muscle in the row matches the description at the top

	Voluntary: You can control when it moves	**Hypertrophic**: It gets bigger the more you use it
Skeletal Examples: bicep, tricep, tongue		
Cardiac Heart		
Smooth Examples: esophagus, intestine, goosebumps		

Name a bone. What does it do?

True or **False**: Muscles do work when they **expand**.
