

Snot and the immune system pre-test 12/1/16

What is your immune system? Can you name some components of your body that are part of your immune system?

What is snot, and what is it for? Write down at least two sentences about what you already know about snot (a.k.a. boogers).

Snot and the immune system post-test 12/1/16

Where in your body is snot produced? Circle the correct answer(s).

Brain

Nose

Eyes

Airways

Why does your body produce snot?

List at least two parts of your immune system.
